Real World

Edward II

Last night I dreamt you were lying beside me
I smelt the sweetness of your hair
You gently reached out to remind me
Of how it used to be
And I almost believed that this morning I'd find you still there
Chorus:
But here in the real world
I miss you madly
In the real world
I'm coping badly with losing you
What am I to do
Here in the real world
Without you

Last night I dreamt of a different ending
Everything just seemed to work out somehow
I saw that someday I could smile again without pretending
I was so sure I'd wake up and I wouldn't need you right now
(Chorus)
Friends tell me I must not look back
There are silver rails just ahead on the track
And my stars say I'm getting over the fact that you're gone
(Chorus)
I'm here in the real world
Without
