

Hopscotch

Emmelie de Forest

I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch
Going for the perfect ten
I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch
Going for the perfect ten
White lines on the concrete
Feel the ground underneath my feet
A labyrinth in front of me
I hear it calling
Had enough of the comfort zone
I breathe in and I toss a stone
Don't know where this whole thing goes
I'll jump to find out
They say that I'm insane
But I'll say "It's just a game"
I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch
Going for the perfect ten
I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch
Going for the perfect ten
Moving on and I don't look back
Wanna feel like a maniac
Might end up with a broken leg
I'll know tomorrow
Everything will be washed away
By the rain of yesterday
Taking on a brand new game
And jump to find out
They say that I'm insane
But I'll say "It's just a game"
I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch
Going for the perfect ten
I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch

Going for the perfect ten I won't go back to zero the way I feel all
My skies are clear
So I laugh, I live, I love
I won't go back to zero
My skies are clear
So Right leg, left leg, both legs and hop! I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch
Going for the perfect ten
I live my life like I'm on a hopscotch
Square one, square two, square three and again
I live my life like I'm on a hopscotch
Going for the perfect ten I won't go back to zero
The way I feel all
My skies are clear
So I laugh, I live, I love
I won't go back to zero
The way I feel all
My skies are clear
So I laugh, I live, I love
I live my life
And hop!
