Mute

Drowning Pool

Shouldn't have that far to go
(That far to go)
The less you think the more you know
It seems the dream is impossible
It seems the dream is impossible
It seems the dream is impossible
Never made a difference so why should you
Promise me you won't look at me
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left
No matter how hard I try
The lonely one refuses to die
Someday I will be a better man
Someday I will be a better man
Someday I will be a better man

Never made a difference so why should I
Promise me you won't look at me
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left
Promise me you won't look at me
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left here to talk about
There's nothing left
There's nothing left here to talk about
There's nothing left here to talk about

There's nothing left here to talk about
There's nothing left
