Hung Up

Hot Chelle Rae

I'm not usually the type of guy to call twice
And leave a message everytime
(It's me again)
That's quite alright
And most days I just dust them off like that
Girls text me
You're the only one I text back
Cuz you know where the party's atAnd I'm like, yeah
Everything you heard is true
Everybody knows I'm hung up on you
And I'm like, yeah
Telling other girls I'm through
Everybody knows I'm hung up on youSo big, this thing that we got going on
Riding round downtown where you take the top off, yeah
It turns me on
And I'm like, woah
Girl, how'd you get me hooked like this?
One look, one touch, one kiss, one chick
And then I can't resistAnd I'm like, yeah
Everything you heard is true
Everybody knows I'm hung up on you
And I'm like, yeah
Telling other girls I'm through
Everybody knows I'm hung up on youYou got the style, you got the flavor
I want you now, I want you later
I'm hung up, so let's get down tonight
Floating around, a couple of gypsies
Shaking it up, we're getting typsy
You show me yours
Cuz Imma show you mineAnd I'm like, yeah
Everything you heard is true
Everybody knows I'm hung up on you
And I'm like, yeah
Telling other girls I'm through
Everybody knows I'm hung up on youAnd I'm like, yeah
Everything you heard is true
Everybody knows I'm hung up on you
And I'm like, yeah
Telling other girls I'm through

Everybody knows I'm hung up on youYou got the style, you got the flavor
I want you now, I want you later
I'm hung up, so let's get down tonight
