I Love You

Celine Dion

I must be crazy now
Maybe I dream too much
But when I think of you
I long to feel your touchTo whisper in your ear
Words that are old as time
Words only you would hear
If only you were mineI wish I could go back to the very first day I saw you
Should've made my move when you looked in my eyes
'cause by now I know that you'd feel the way that I do
And I'd whisper these words as you'd lie here by my sideI love you, please say
You love me too, these three words
They could change our lives forever
And I promise you that we will always be together
Till the end of timeSo today, I finally find the courage deep inside
Just to walk right up to your door
But my body can't move when I finally get to it
Just like a thousand times beforeThen without a word he handed me this letter
Read I hope this finds the way into your heart, it saidI love you, please say
You love me too, these three words
They could change our lives forever
And I promise you that we will always be together
Till the end of timeWell maybe i, I need a little love yeah
And maybe i, I need a little care
And maybe i, maybe you, maybe you, maybe you
Oh you need somebody just to hold you
If you do, just reach out and I'll be thereI love you, please say
You love me too
Please say you love me too
Till the end of time
These three words
They could change our lives forever
And I promise you that we will always be togetherOh, I love you
Please say you love me too
Please please
Say you love me too
Till the end of time
My baby
Together, together, forever
Till the end of time

I love you
I will be your light
Shining bright
Shining through your eyes
My baby
