Time & Again

David Coverdale

(coverdale)Lately, I realise that it's you
You are the one who makes everything right,
Summer days and winter nights
Slowly, I open my eyes and your smile is there to greet me
And whisper words to tell me it's alright,
I'll stay by you in your darkest nightTime and again the situation shows,
You make it better...
Time and again I realize,
You are the morning of my day...
Time and again my feelings let me know
You make it better...We wasted words on conversation,
'cos all I wanna do is just talk about,
The woman I love, woman I love...
I never thought I could be this way,
When I hold you in my arms
I know I just wanna stayv this is the place I should be,
In sweet harmony with the woman I love..You and I could always
Talk it over as friends
And you never, ever worried,
We always make it good in the end..Time and again the situation shows,
You make it better...
Time and again I realize,
You are the morning of my day...
Time and again my feelings let me know
You make it better...No wasted words on conversation,
A necessary seperation
'cos all I wanna do is just talk about,
The woman I love, the woman I love...
