# Field Notes

## Incircles

fireworks now feel like phantom frequencies
cannot stop the bleeding/ i have to look away
elegantly drifting through various social planes
dancing with the swinging light that hangs from the cielingenlgulf/ take in/ recieve, undo, return
remind/ precieve
is it all that you expectedis it all that you expected it to bethink i see you on the screen
then i realize it's just me
what would your mother think of this?drag me up and down again
circulate it through my head
sometimes i wonder what i'd missenlgulf/ take in/ recieve, undo, return
remind/ precieve
is it all that you expectedis it all that you expected it to be
