Alive

Sonique

Ooh yeah ye yeah!
I feel it deep, deep inside of me
Our bodies on telepathy
Collide strong as we get involved
Fantasy now realityIm breaking free from all these chains
I feel the rhythm running through my veins
Alone with you at night
Its a feeling I dont want to fight(Now Im alive)
Touch me, need me, show me the meaning
(Im alive)
Closer, deeper, the burning fever
(Im alive)
Now Im believing
Im complete, so complete, Im aliveI need more of your energy
You breathe life into me
Rescue this love, youre my S.O.S.
Your guiding light is my destinyThe remedy has become the cure
So give to me when I need more
Here alone at night
Its the feeling I dont want to fight(Now Im alive)
Touch me, need me, show me the meaning
(Im alive)
Closer, deeper, the burning fever
(Im alive)
Now Im believing
Im complete, so complete, Im aliveSo alive
(Now Im alive)
Touch me, need me, show me the meaning
(Im alive)
Closer, deeper, the burning fever
(Im alive)
Now Im believing
Im complete, so complete, Im aliveIm breaking free from all these chains
I feel the rhythm running through my veins
Im with you at night
Its a feeling I dont ever want to fightTouch me, need me, show me the meaning
Closer, deeper, the burning fever
(Im alive)
Now Im believing

Im complete, so complete(Now Im alive)
Touch me, need me, show me the meaning
(Im alive)
Closer, deeper, the burning fever
(Im alive)
Now Im believing
Im complete, so complete(Now Im alive)
Touch me, need me, show me the meaning
(Im alive)
Closer, deeper, the burning fever...
