

See You Sometime

Joni Mitchell

Where are you now
Are you in some hotel room does it have a view?
Are you caught in a crowd
Or holding some honey who came on to you? Why do you have to be so jive
Okay hang up the phone it hurts but something survives
Though its undermined
Id still like to see you sometime Im feeling so good and my friends all tell me
That Im looking fine
I run in the woods, I spring from the boulders
Like a mama lion Im not ready to change my name again
But you know Im not after a piece of your fortune and your fame
Cause I tasted mine
Id just like to see you sometime Pack your suspenders
Ill come meet your plane
No need to surrender
I just wanna see you again Were in for more rain
I could sure use some sunshine on my apple trees
It seems such a shame
We start out so kind and end so heartlessly I couldn't take them all on then
With a headful of questions and hypes
So when the hopes got so slim, I just resigned
But Id still like to see you sometime
I would sure like to see you
