

All on You

Nick Fradiani

Once in awhile when you're drunk and you dial up a number and try
Don't even apologize
'Cause now that you're gone, I've moved up, I've moved on
And I'm never gonna, never gonna want to fall back on you Every weekend, I blew off my best friends
You had my attention, it was all on you
Every feeling I used to feel when my hands would fall
'Cause they were all on you
So when it's late and you're laying and missing me
Wishing you're kissing me
Saying you're pissed at me
Girl, it's all on you
Then you show up and you knock on my door and it's four in the morning
When it's raining, it's pouring, I'm gonna say we're through
And it's all on you
Girl, it's all on you Yeah, hope that you know that I tried and I tried and I tried to revive
Something that already died
And I learned how to forgive
Let shit go, water under the bridge
And you can save your breath, don't even apologize
(Don't even apologize) For every weekend, I blew off my best friends
You had my attention, it was all on you (my attention, it was all on you)
Every feeling I used to feel when my hands would fall
'Cause they were all on you
So when it's late and you're laying and missing me
Wishing you're kissing me
Saying you're pissed at me
Girl, it's all on you (it's all on you)
Then you show up and you knock on my door and it's four in the morning
When it's raining, it's pouring, I'm gonna say we're through
And it's all on you
(All on you)
Girl, it's all on you
(Girl, it was all on you)
It was all on you You had all my attention (it was all on you)
It was every weekend (it was all on you)
I shouldn't have spent them all on you Every weekend, I blew off my best friends
You had my attention, it was all on you (my attention, it was all on you)
Every feeling I used to feel when my hands would fall
'Cause they were all on you

So when it's late and you're laying and missing me
Wishing you're kissing me
Saying you're pissed at me
Girl, it's all on you (all on you)
Then you show up and you knock on my door and it's four in the morning
It's raining, it's pouring, I'm gonna say we're through
And it's all on you
Girl, it's all on you
(All on you)
(All on you)
