

# Blown Away

## Tripping Daisy

Swimming all around in confusion  
It takes me for a ride  
Hearing the bells that are ringing  
I think I'll run and hide It's crazy what you seem to do  
Every now and then  
It's crazy what you seem to do  
When you're wasted with people  
And you don't even care Well, in mocking you and mocking me  
Dealing with mentality I'm blown away  
Well, in mocking you and mocking me  
Dealing with mentality I'm blown away Hearing the bells that are ringing  
When I try to sleep  
Hearing the evil minded  
That prey upon the weak Well, I think about the Boogie Man  
Every now and then  
Well, I think about the Boogie Man  
Whose coming through my door right now Well, in mocking you and mocking me  
Dealing with mentality I'm blown away  
Well, in mocking you and mocking me  
Dealing with mentality I'm blown away It doesn't have to be that way  
We can be free if you want to  
It doesn't have to be that way  
We can be one if you want to Every time I look around  
I think, "Is there someone  
Staring down at me?"  
Every time I look around  
I think, "Oh God, I think I'm gonna  
Make me a man that I am" Well, in mocking you and mocking me  
Dealing with mentality I'm blown away  
Well, in mocking you and mocking me  
Dealing with mentality I'm blown away It feels like it's foolish everywhere  
It seems like its crucial everywhere  
I never thought I could be stapled  
By the metal in the gun  
I never thought I could be stapled  
By the metal in the gun Well, in mocking you and mocking me  
Dealing with mentality I'm blown away  
Well, in mocking you and mocking me  
Dealing with mentality I'm blown away

Ooh, in mocking you, in mocking me I'm blown away
