Girl, but he's kind
The girl, but he's kind
You couldn't have waited
In love with the girl, but he's kind
Girl, but he's kind
You couldn't have waited
In love with the girl, but he's kind On the come up
Come down
We couldn't have waited
Ignore, all of the changes in your mind
In love with the girl, but he's kind
Girl, but he's kind
The girl, but he's kind
You couldn't have waited
In love with the girl, but he's kind
