

# Luckiest Loser

## Bowling For Soup

Man, you're really one heck of a guy  
Best friend since junior high  
You showed me Playboy for the very first time  
That was rad  
We saw Bon Jovi, we sat in the front row  
I pierced your ear right before the show  
We stole your brother's beer  
And he didn't know  
Your new girlfriend is a son of a gun  
Did you fall in love  
Or did you just wanna get some?  
That girl is crazy, she's a loco-motion  
I know you know she used to be my girl  
You better run for cover  
'Cause she's ticking like a time bomb  
And did I mention that you both suck.com  
Now you're stuck with her  
Like Mellencamp is stuck with Cougar  
I guess that makes me the luckiest loser  
I met her at a kegger, passed out in the yard  
Getting in her pants wasn't really that hard  
6 months later, she crashed my car  
That was rad  
She's got a glow from her spray on tan  
Marilyn Manson is her favorite band  
I really think she might worship Satan  
Not a band  
Your new boyfriend is a son of a gun  
Did you fall in love  
Or did you just wanna get some?  
That girl is crazy, she's a loco-motion  
I know you know she used to be my girl  
You better run for cover  
'Cause she's ticking like a time bomb  
And did I mention that you both suck.com?  
Now she's stuck with you  
Like a frat guy with a bad tattoo  
Like Celebrity Golf with Alice Cooper

Guess that makes me the luckiest loser  
Mel Gibson, Danny Glover  
You deserve each other  
A 'Lethal Weapon' when you take her home  
To meet your mother  
She was a superstar  
Back seat of my car  
Those days are over  
Now life goes on, yeah  
Your new girlfriend is a son of a gun  
Did you fall in love  
Or did you just wanna get some?  
That girl is crazy, she's a loco-motion  
I know you know she used to be my girl  
You better run for cover  
'Cause she's ticking like a time bomb  
And did I mention that you both suck.com?  
Now your stuck with her  
Like Mellencamp is stuck with Cougar  
Like number two on a pooper scooper  
I guess that makes me the luckiest loser  
(That girl is crazy, she's a loco-motion)  
Luckiest loser  
(I know you know she used to be my girl)  
Luckiest loser  
(You better run for cover)  
Luckiest loser  
(Cause she's ticking like a time bomb)  
(And did I mention that you both suck?)
