

# Birds Fly (Whisper to a Scream)

## Icicle Works

Love come down upon us till you flow like water  
Burning with the hope of insight  
Feathered, look they're covered with a bright elation  
Stolen in the sight of loveWe are, we are, we are but your children  
    Finding our way around indecision  
    We are, we are, we are rather helpless  
Take us forever, a whisper to a screamBirds fly in the eyes of the faithless daughter  
    Broken at the bitter end  
    Wasted sacrificed for a new nirvana  
Nighttime sends us on our wayWe are, we are, we are but your children  
    Finding our way around indecision  
    We are, we are, we are rather helpless  
Take us forever a whisper to a screamA whisper to a scream  
    A whisper to a scream  
    A whisper to a scream  
A whisper to a screamWe are, we are, we are but your children  
    Finding our way around indecision  
    We are, we are, we are rather helpless  
Take us forever a whisper to a screamWe are, we are, we are but your children  
    Finding our way around indecision  
    We are, we are, we are rather helpless  
Take us forever a whisper to a screamWe are, we are, we are but your children  
    Finding our way around indecision  
    We are, we are, we are rather helpless  
    Take us forever a whisper to a scream
