

La La Love

Jamelia

Tie all our memories on a string
I see them disperse in the wind
I thought I was so clear back then
bout how much you meant
meant everything

What makes three words so hard to say
what difference does admitting make
you walked and yet I could not speak
I wonder why, cause baby I

Chorus:

La la love you now with all my heart
that's all I've ever done
la la love you like I never before
loved another man
and I should have said
instead I'm here telling the moon
I la la love you
la la la

I know the hurt and anger
make you play down the way we were

like you're talking to a stranger
but it breaks my heart
it breaks my heart
'Cause by God I swear
my love went nowhere
it was always here
It's just I never told ya
but I failed to show
what you should have known, that I

Chorus

By God I swear
my love went nowhere
it was always here
It's just I never told ya
but I failed to show
what you should have known, I

Chorus x 2
