

Rosalee

Caroline Glaser

Rosalee will you settle down,
Our guests don't know that you're spinning out,
They're going to think you've lost your mind,
They can't see outside the lines Rosalee, you're still the same to me,
'Cuz love is blind.
And they can't see what I see
You're still the girl, who set me free,
Oh you're still my Rosalee They tell me I can't care for you,
But care for you is all I do.
Rosalee I will wipe those tears,
I'll be here with you, through the years. But Rosalee, you're still the same to me,
'Cuz love is blind.
And they can't see what I see
You're still the girl, who set me free,
Oh you're still my Rosalee I tried to fall out of love with you,
You'd think with all the crazy things you say and do,
That I would run, I'd run away,
But I meant what I said on our wedding day. Rosalee, you're still the same to me,
'Cuz love is blind.
And they can't see what I see
You're still the girl, who set me free,
Oh you're still my Rosalee Oh you're still my Rosalee
