

# Live

## Krystal Meyers

Another sinking sun  
And I am filled with worry  
With every morning comes  
Uncharted territory  
Am I too young and restless  
To live the way the fearless do? I think it's time I start to...  
Live  
Unafraid of tomorrow  
Live  
Knowing You're in control  
Live  
This life wasn't made to waste away  
I wanna live Take my concerns and cares  
Give me new revival  
I may be breathin' air  
But You're my soul survival  
I wanna know the freedom  
That can only come from You I'm so tired of waiting  
There's no more time to lose  
So give me strength to move  
To live
