

She Gets Me Where I Live

[Al Kooper](#)

Calello-Kooper Can ya see that she is fine
Sparkling just like wine in a crystal glass
She caught my eye and she was gone
I didn't know what train I was on
Cause it happened all too fast But SHE GETS ME WHERE I LIVE
And I gave her all the love I could give and than some
Held her in these arms of mine
And asked her if she had the time to spend some
And the look upon her face can never ever be erased
From behind my eyes
And the love she brings to me is sacred as the sea
And so I'm not surprised that SHE GETS ME WHERE I LIVE
And I gave her all the love I could give and than some
Held her in these arms of mine
And asked her if she had some time to spend some Than I followed her to the top of the hill
And than I knew I'd never have my fill
Of her Can ya see that she is fine
Sparkling just like wine in a crystal glass
She caught my eye and she was gone
I didn't know what train I was on
Cause it happened all too fast
But SHE GETS ME WHERE I LIVE
And so I gave her all the love I could give and than some
But SHE GETS ME WHERE I LIVE
And so I gave her all the love I could give and than some
