

# Black-Eyed Susan

[Morrissey](#)

Black-eyed Susan you make us nervous  
Because we're very aware that you do not care  
Oh, Black-eyed Susan what don't you believe in ?  
"No is always easier than Yes Black-eyed Susan you must insist  
You are a born-again atheist, oh  
Oh, heavy-rings on bitten fingers  
Black-eyed Susan sometimes shakes to break  
So, watch it Black-eyed Susan rest and do nothing  
'Cause it's the only thing that you do quite well  
Black-eyed Susan rest and do nothing  
'Cause it's the only thing that you do quite well Black-eyed Susan rest and do nothing  
'Cause it's the only thing that you do quite well  
Black-eyed Susan please remember  
We were the first we were the first, oh
