

# Ditty Wah Ditty

Ry Cooder

(Arthur Blake)There's a great big mistery

And it sure is worrying me

It's a ditty wah ditty

Mister ditty wah ditty

I wished somebody would tell me what ditty wah ditty meansI went out and walked around

Somebody yelled, "Now who's in town ?"

Mister ditty wah ditty

Mister ditty wah ditty

I wished somebody would tell me what ditty wah ditty meansSome little girl 'bout four-feet-four

Said, "Come on, papa, and gimme some mo'"

Your ditty wah ditty

Your ditty wah ditty

I wished somebody would tell me what ditty wah ditty meansI went to church, put my hat on the seat

A lady sat on it and said, "Daddy you sho' is sweet"

Mister ditty wah ditty

Mister ditty wah ditty

I wished somebody would tell me what ditty wah ditty meansI said, "Sister, I'll soon be gone

Just give me that thing that you're sitting on"

My ditty wah ditty

Mister ditty wah ditty

I wished somebody would tell me what ditty wah ditty meansThen I got put outta the church

'Cause I talked about ditty wah ditty too much

Mister ditty wah ditty

Mister ditty wah ditty

I wished somebody would tell me what ditty wah ditty means
