## Zoo Legacy

Zoo Legacy: CRWD

Sun comin' up  
I'm comin' down  
Last night I was the king and I wore the crown  
The heir to the throne  
It's all in the zone

Self proclaimed I know, that  
Baby girl come on throw, that

On me like it's yo job  
My team let go so hard

Turnt up to the maximum  
And they keep on askin' um  
To play that too too too too too  
It's nothin' new new new new new

Not just a face it the crowd  
Don't want to let you down  
Oh oh oh oh ooh  
I want to say it out loud  
And fall in love with the sound  
Oh oh oh oh ooh

I ride around with my windows down  
And my volume up  
Not tryin' to stunt  
You only out like once a month  
Have faith have fun  
Force of bad habits  
Standin' on chairs like I can't reach cabinets  
That ass must be metallic  
Cause them pants fit like a magnet

How can we stop  
We're so

So close to the top  
Every time that record drops  
We go, lets get faded  
Like we made it  
And tell me why  
You should be my favorite

Not just a face it the crowd  
Don't want to let you down  
Oh oh oh oh ooh  
I want to say it out loud  
And fall in love with the sound  
Oh oh oh oh ooh  
Now let me figure it out  
I know I'm holding you down  
Oh oh oh oh ooh

Not just a face it the crowd  
Don't want to let you down  
Oh oh oh oh ooh

(We're runnin' away  
Light it up o-oo-oo-o) (2x)

Not just a face it the crowd  
Don't want to let you down  
(... O-oo-oo-o)  
I want to say it out loud  
And fall in love with the sound  
(... O-oo-oo-o)  
Now that we figured it out  
I know I'm holding you down  
Oh oh oh oh ooh

Not just a face it the crowd  
Don't want to let you down  
Oh oh oh oh ooh  
I want to say it out loud  
And fall in love with the sound  
Oh oh oh oh ooh

(We're runnin' away  
Light it up o-oo-oo-o  
We're runnin' away  
Light it up)
