

In Union We Stand

Overkill

From the islands to the cities, from the ports into the sea
We are strong, we will always be
Blazing through the wreckage, burning all we see
The life we lead committed to be freeOur union is a fortress
Together we are bound
A common bound in freedom and in sound
So raise your voices high
For miles around to hear
Let them know we are drawing nearIn union we stand
As they blaze across the land
In union we make a final stand
In union we stand
As they blaze across the land
In union we make a final standA peaceful co-existence is dropping out of sight
So band together, together we will fight
Blasting the resistance, marching to the top
They started this, we say when it stopsStrike fear within their hearts
Strike down those in your way
Let them know that we live today
They throw us into flames
Did not hear our cries
But now, from the ashes we ariseIn union we stand
As they blaze across the land
In union we make a final stand
In union we stand
As they blaze across the land
In union we make a final standIn union we stand
As they blaze across the land
In union we make a final stand
In union we stand
As they blaze across the land
In union we make a final standIn union we stand
As they blaze across the land
In union we make a final stand
In union we stand
As they blaze across the land
In union we make a final standIn union we stand
As they blaze across the land
In union we make a final stand

In union we stand
As they blaze across the land
In union we make a final stand
