

# Halo of Flies

## Skyclad

All you needed was somebody with a dream  
A fool to crucify or to put upon a pedestal  
Only dead fish float with the stream  
Compared with you I seem like an extra-terrestrial I'm not your Robin Hood or Peter Pan  
I won't play Jesus Christ or Santa Claus  
I'll never pass for a superman  
I'm just an effect trying to find a cause Tell me who am I?  
What am I and why am I here?  
Who am I?  
What am I and why am I here? Is it because I'm flesh and blood  
That creature comforts feel so good?  
I give my body all it needs  
It eats and sleeps and shits and breeds And if I keep my feelings stum  
Hard luck, bibo ergo sum  
Just trying to do the best I can  
Is a giant leap for this small man All you needed was somebody with a dream  
A fool to crucify or to put upon a pedestal  
Only dead fish float with the stream  
Compared with you I seem like an extra-terrestrial You say that life is a miracle  
I don't believe one word  
Forgive me for being so cynical  
From down here you all look absurd So are you happy now we all feel the same?  
Martyrs to the cause, boredom level nearing terminal  
You're afraid to go against the grain  
Next to you I feel like a shining intellectual James T Kirk, Albert Einstein  
Sitting safe aboard the Enterprise  
If you're out there send a sign  
I need somebody to sympathize with Tell me who am I?  
What am I and why am I here?  
Who am I?  
What am I and why am I here? Must I succumb to every urge  
First feast and fast then binge and purge  
My spirit's strong, my flesh is weak  
I laugh and cry and scream and speak And sometimes when I feel confused  
I walk a path I did not choose  
Watch my life on video  
A private homemade horror show All you needed was somebody with a dream  
A fool to crucify or to put upon a pedestal  
Only dead fish float with the stream

Compared with you I seem like an extra-terrestrial So are you happy now we all feel the same?

Martyrs to the cause, boredom level nearing terminal

You're afraid to go against the grain

Next to you I feel like a shining intellectual You say that life is a miracle

I don't believe one word

Forgive me for being so cynical

From down here you all look absurd You say that life is a miracle

I don't believe one word

Forgive me for being so cynical

From down here you all look absurd You say that life is a miracle

I don't believe one word
