

# I Won't Forget You

## Poison

Late at night I close my eyes  
And think of how things could have been  
And when I look back  
I remember some words you had said to me It's better to have lost at love  
Then never to have loved at all I won't forget you baby  
(I won't forget you)  
Even though I could  
I won't forget you baby  
(I won't forget you)  
Even though I should Sometimes in my head  
I can still see pictures of you  
And I laugh to myself  
When I think of all those crazy things that we used to do Although miles come between us  
Just between you and me I won't forget you baby  
(I won't forget you)  
Even though I could  
I won't forget you baby  
(I won't forget you)  
Even though I should well I should let you fade away  
But that just wouldn't be me oh, baby Although miles come between us  
Just between you and me I won't forget you baby  
(I won't forget you)  
Even though I could  
I won't forget you baby  
(I won't forget you)  
Even though I should I won't forget you baby  
(I won't forget you)  
Memories slowly fade  
I won't forget you baby  
(I won't forget you)  
And all the plans we made  
I won't forget you baby
