

In the Name of Love

[Carole King](#)

Do the things you believe in
In the name of love
And know that you aren't alone
We all have doubts and fears Know throughout every season
You are the name of love
And you'll keep on feeling at home
Throughout the coming years Change is for certain
This we all know
Each day opening the curtain
On a brand new show Through your sorrow and grieving
Don't forget the name of love
It goes on without any end
Forever
