

Impaler

Exodus

Comes from the land where night is day
The people live in fear
Been this way for oh so long
Another four thousand tears Everyday he hunts to kill
You know he can't help himself
Same routine time after time
A way to seize the wealth Drinking blood don't mean a thing
Life means even less
Impale your wife, slay your son
Another gory mess Born in hell, left to die
Now out for all your blood
Living his life day to day
To stake you to the mud What you see, he don't care
Now you bleed, start to stare
Cut you down, rip you up
Watching warm blood run Crush your skull, strike him well
When you land just impaled
Freshly done, there's no hope
Watching warm blood run What you see, he don't care
Now you bleed, start to stare
Freshly done, there's no hope
Watching warm blood run Impaler
Impaler Impaler
Impaler
