

# Universal Mind (Live In Pittsburgh, May 2, 1970)

## The Doors

I was doing time in the universal mind  
I was feeling fine  
I was turning keys, I was setting people free  
I was doing all right Then you came along  
With a suitcase and a song  
Turned my head around Now, I'm so alone  
Just looking for a home  
In every place I see I'm the freedom man  
I'm the freedom man  
I'm the freedom man  
That's how lucky I am I was doing time in the universal mind  
I was feeling fine  
I was turning keys, I was setting people free  
I was doing all right Then you came along  
With a suitcase and a song  
Turned my head around Now, I'm so alone  
Just looking for a home  
In every place I see I'm the freedom man I was doing time in the universal mind  
I was feeling fine  
I was turning keys, I was setting people free  
I was doing all right Then you came along  
With a suitcase and a song  
Turned my head around Now, I'm so alone  
Just looking for a home  
In every place I see I'm the freedom man  
Yeah, that's how lucky I am  
I'm the freedom man I'm the freedom man
