

# Closer to You

## Adelitas Way

Verse 1: As you walk my way,

Do you see my face,

Sad behind a smile,

Fake it for awhile,

Tell me what should I do?

Chorus: Can I get closer to you,

Tell me the truth,

Can I get an answer from you,

Show me a sign,

Here I stand with my heart in my hands,

And all I do,

To get closer to you,

Verse 2: As I stand alone,

Sinking like a stone,

You can save me now,

I cant live without,

Tell me what should I do?

Chorus: Can I get closer to you,

Tell me the truth,

Can I get an answer from you,

Show me a sign,

Here I stand with my heart in my hands,

And all I do,

To get closer to you,

Verse 3: If you walked my way,

Would you see my face,

Chorus: Can I get closer to you,

Tell me the truth,

Can I get an answer from you,

Show me a sign,

Here I stand with my heart in my hands,

And all I do,

To get closer to you,

To get closer to you,

And all I do,

To get closer to you,

And all I do,

To get closer to you,

And all I do.
