Sizzla

Me just wanna say hail to Haile Selassie
His own divine majesty

Babylon you see, when those youths come about
You know, it's just redder fire
Yeh man, we send enough stories to Babylon
Prime Minister give us repatriation
Remember this
Nothing inna Babylon nah work
Watch the inequity have to get up and spurt
Not even a wicked man can serve
Rome catch a fire 'cause deh Vatican thirst
Nothing inna Babylon can work
Things get lock off and them a dead fi pure thirst
Not even a wicked man can serve
Yow, desolation to the earth
Well, nuh bother tell me 'bout mi nuh fi vanky
