

# Slave

## Weezer

Love barely alive in your arms, slave  
Dreams taken too far every night, slave Who put on your heart?  
Who put on your heart?  
Who put on your heart?  
'Cause I can't change, no When you're on your own  
You can see things  
Clear, clear as a bell  
And you're free, slave Who put on your heart?  
Who put on your heart?  
Who put on your heart?  
'Cause I can't change, no And my girl, we'll say "Goodbye"  
To the things we'll never try Who put on your heart?  
Who put on your heart?  
Who put on your heart?  
'Cause I can't change, no Love, barely alive  
Love, barely alive  
Love, barely alive  
Slave
