

# Texico Bitches (Star Slinger Remix)

## Broken Social Scene

Texaco bitches, have you begun again?  
Texaco bitches, I think you found a friend  
Texaco bitches, the air you breathe is real  
Texaco bitches, why do you like to steal? I wanna be fair like a wannabe fag  
Texaco bitches, this town is going down  
Texaco bitches, I hope you stick around  
Texaco bitches, the guns beneath the youth Texaco bitches, this story needs some truth  
I wanna be fair like a wannabe fag  
I wanna be fair like a wannabe flag  
Texaco bitches, the light is coming in Texaco bitches, I think we're bound to win  
Texaco bitches, my weapon is my truce  
Texaco bitches, I do not like to lose  
I wanna be fair like a wannabe fag
