Chinese Rhythm

Cab Calloway

You can do most anything, but whatever you do,
There's only one thing, you gotta have Chinese rhythm!You can see sing and dance and play 'most anything you choose,
There's only one thing, you gotta have Chinese rhythm!There's rhythm in love songs, rhythm in blues,
There's rhythm in almost anything you do.When the moon is bright and you're making love,
There's only one thing, you gotta have Chinese rhythm!
