Stronger

Darden Smith

I've got this habit, I've got to kick
Medicine I need just start to make me sick
Shoulders I lean on start to be a crutch
Babe, I think I needed you a little muchBut I'm getting stronger, stronger, stronger
I get just a little bit stronger everyday
I'm getting stronger, stronger, stronger
I get just a little bit stronger everydayYou showed me the ropes but there were these strings
Tied around my hopes unraveling
So I took the loose ends and I made a vest
To cover up this precious thing inside my chestAnd I'm getting stronger, stronger, stronger
I'm getting just a little bit stronger everyday
I'm getting stronger, stronger, stronger
I'm getting just a little bit stronger everydayAnd the hole I never thought would fill started to spillI'm getting stronger, stronger, stronger
I get just a little bit stronger everyday
I'm getting stronger, stronger, stronger
I get stronger the further you are awayI had this problem but I've got it licked
Learned to tell the difference between
A miracle and a magic trick
