Nicotine

Paul Chaplain

I hate you sometimes
But I love to be your queen
You are my muse
Got me smoking nicotine
I watch you sometimes
From oh so far away
But I can't forget you
Or anything you say
You sang that song in my ear
And it tickled those tiny hairs
Love is a puzzle
Some pieces they adjoin
It's not like that with us
But I keep flipping that coin
Yeah, I watch you sometimes
From oh so far away
But I can't forget you
Or anything you say
You sang that song in my ear
And it tickled those tiny hairs
