

Nicotine

Paul Chaplain

I hate you sometimes
But I love to be your queen
 You are my muse
 Got me smoking nicotine
 I watch you sometimes
 From oh so far away
 But I can't forget you
 Or anything you say
You sang that song in my ear
And it tickled those tiny hairs
 Love is a puzzle
 Some pieces they adjoin
 It's not like that with us
 But I keep flipping that coin
 Yeah, I watch you sometimes
 From oh so far away
 But I can't forget you
 Or anything you say
You sang that song in my ear
And it tickled those tiny hairs
