

Genexus

Fear Factory

I'm a revelation of your future and past
A manufactured descendant
A destined outcast
Man created me in mirror imagery
Man created me for the industry Slave or leader
Who is the master
Servant or leader
Who is the master Suffer in slavery
I must suffer as a slave
Demand a sacrifice
As a slave Creation is the essence of your disaster
Unfulfilled empty promises, mind destroyer No meaning to this life
Reprogrammed to abide
No meaning to this life
No god given right Slave or leader
Who is the master
Servant or leader
Who is the master Suffer in slavery
I must suffer as a slave A victim of self extinction Suffer in slavery
I must suffer as a slave
Demand a sacrifice
As a slave
