Here We Grow Again

Shrub

here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.i'm about to tell you how shrub'll blow up,
i'm like a seed, and they watered me, so now i growed up,
silly MCs, yep they doubted me,
put me in a quarantine,
treated me like i was diseased.they ceased to exist to me.
a cease and desist,
came the other day, addressed to me,
tried to make me quit, got the best of me,
i guess my lyrics made em wanna throw up,do i really wanna be an MC?
i don't rhyme like them,
they don't sound like me,do i really wanna be an MC?
if that's what it is,
then i don't wanna be.here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.well, i'd rather be myself,
i'd rather be the cd, spinning mad circles,
while ya shit is on the shelf,it aint about the fortune, kid,
it aint about the wealth.
i had a few dollars,
i needed something else.i'm about to tell you how shrub'll blow up,
i'm like a seed, and they watered me, so now i growed up,
silly MCs, yep they doubted me,
put me in a quarantine,
treated me like i was diseased.they ceased to exist to me.
a cease and desist,

came the other day, addressed to me,
tried to make me quit, got the best of me,
i guess my lyrics made em wanna throw up,here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.here we grow again.
here we grow again.
here we grow again.
nah nah,
here we grow again.
