## H. Aram Gulezyan

Escaping contamination  
Is a difficult operation  
I need some hibernation  
Hide me from the evil  
Protect me from the vultures  
The men and the women  
    Drink and make children  
    They need some hibernation  
    To hide them from the evil  
    Protect them from the vultures  
Guide me through the colors  
Spring it dies summer arrives  
    Summer dies autumn arrives  
    Autumn dies winter arrives  
Forever and ever ever and ever  
I need this hibernation  
    To stray with deviation  
    To gather some information  
    Hide me from the evil  
    Protect me from the vultures  
Guide me through the colors  
Spring it dies summer arrives  
    Summer dies autumn arrives  
    Autumn dies winter arrives  
    Forever and ever ever and ever  
Ever and ever  
Spring it dies summer arrives  
    Summer dies autumn arrives  
Autumn dies winter arrives  
Spring it dies summer arrives  
    Summer dies autumn arrives  
    Autumn dies winter arrives forever
