

# Superhot

## Tomi

I'm calling for you  
You're spinning me round like a hurricane  
Come, a come, a run jump on the milky way  
A lipstick rocket ship, I'm about to fly  
Universe flies by, I catch a ride  
Maybe we could hang together  
'Cause I got these feelings for ya  
Gotta get my groove on tonight  
Stick around and jump on  
He's a superhot guy  
It's a superhot ride  
He's a superhot guy  
It's a superhot ride  
I don't know what you do  
I don't want to jump off this ride  
I don't know what you do  
But I want the stars to collide  
I'm calling for you  
My heart's on the line, I need you  
I don't know what you do  
I don't want to jump off this ride  
I sky rocket in the pocket for your love  
Getting skizzy for a ticket to your heart  
Tongue-tied when I think about your touch  
Flash cash count dollars in the credit crunch  
Maybe we could hang together  
'Cause I got these feelings for ya  
Guess I'm saying that I'm falling  
Falling like a shooting star  
He's a superhot guy  
It's a superhot ride  
He's a superhot guy  
It's a superhot ride  
I don't know what you do  
I don't want to jump off this ride  
I don't know what you do  
But I want the stars to collide  
I'm calling for you  
My heart's on the line, I need you

I don't know what you do  
I don't want to jump off this ride  
Yes, I want you to want me  
The way that I want you  
Yes, I want you to want me  
The way that I want you  
Yes, I want you to want me  
The way that I want you  
Yes, I want you to want me  
The way that I want you  
Maybe we could hang together  
'Cause I got these feelings for ya  
I don't know what you do  
I don't want to jump off this ride  
I don't know what you do  
But I want the stars to collide  
I'm calling for you  
My heart's on the line, I need you  
I don't know what you do  
I don't want to jump off this ride
