

# Johnny

## Slapstick

Johnny wanted his life to go far He went to town and bought a guitar  
He had a friend and he showed him a chord It was fun, but he started getting bored  
He developed a need for fame and greed said a rock band is what I need  
He bought a whammy bar and sold his soul Him and his friends played corporate rock-n-roll They played loud,  
you could hear it Johnny smelled just like teen spirit  
Not too long playin' in clubs meeting lots of girls giving him lovin'  
Then finally his big break came His career lead to fortune and fame  
It's Johnny and the Allstar Band Talkin' about playin' on the radio with Johnny and the Allstar band  
Talkin' about playin' on the radio and in stadiums  
Not gonna be a Punk rock Band  
No no no na na no Johnny Oh No His career was a big success Rolling Stone cover in a state of undress  
The ladies loved him, he made 'em cry Johnny was the American Messiah  
Gold records hanging on his wall, " Johnny Rules " in the bathroom stall  
Yeah he knew that the music was shit It kept on paying, so he kept playing it His success clearly climbed MTV  
video in the meantime  
Got the grunge look, lookin' unclean started making the ripoff scene.  
His success was gone in a year Wow! Johnny what a great career
