Horror Hotel

Misfits

Check into horror hotel
This place is creepy and it's somber too
A little vampire wrapped on my neck and said
Say something, say something
You wanna start something with me
Well, take it up to room 21
Where all the creatures gonna have their fun
And underworld dangers, underworld scum
Take it up to room 21
And down the hall with my vampire girlfriend
Say something, say something
You wanna start something with me, here at
Hotel, hotel
Hotel, hotel
It's up to me
Gather round the place of the demon whore
And my girl in room 21
Well, underworld dangers, underworld scum
Take it up to room 21
Down the hall with my vampire girlfriend
Say something, say something
You wanna start something with me here at
Hotel, hotel
Hotel, hotel
It's up to me
When it comes down to necking with girls
Hotel, hotel
Hotel, hotel
It's up to me
