

# Like We Used To

Kele

Lover can it feel the same?  
One step forward, then back again  
Will we feel the flames?  
Like we used to  
Like we used to, yeah Lips still need, but something's changed,  
Shame on me for breaking this  
Breathe me in into you  
Like we used to  
Like we used to, yeah This is not what you wanted from the start  
We get by, we get by, we get by  
Like we used to, yeah  
Broke the seal and brought the darkness to your heart  
We get by, we get by, we get by  
Like we used to, yeah  
Broken mirror in the frame,  
What is love, that won't remain?  
Drive down to the place  
Like we used to  
Like we used to, yeah This is not, this is not, this is not  
We get by, we get by, we get by  
Like we used to, yeah  
Broke the seal and brought the darkness to your heart  
We get by, we get by, we get by  
Like we used to, yeah This is not what you wanted  
This is not what you wanted  
Broke the seal and brought the darkness to your heart  
We get by, we get by, we get by  
Like we used to, yeah  
(This is not)  
(This is not) Like we used to  
Like we used to, yeah
