We Won't Stop

Lil Reese

Can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
We can't stop 'til our tank's on the wall
'Cause we made men and we goin' ball 'til we fall
Today, I'd like to welcome a few souljas
(Welcome)
To this No Limit world
(No Limit world)
A world where we've been preachers
(Huh, Bro)
Harassed and even incarcerated for making it
(Harassed, fuckin' FBI)
And chasing the finer things
(Fuckin' government)
Even though we legit
(You fuckin' cockroaches)
Ghetto millionaires
(Millionaires man)
Society still tryin' to cage us in
(Open the big bin, man)
But today, today I say fuck the world
(Today, fuck the world)
As we made it, Silkk the Shocker
(Silkk the Shocker)
C-Murder
(C-Murder, bossalinie)
And Master P, made men
(Da last don)
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
I got a pawn for the week, meet me up the street
See momma gotta eat, how much for a key
See my bank from ghetto blood, when my homies show me love
When hot boys run the streets, it was tanks and hugs
Niggas ain't gotta hustle no more, easy come, easy go
No Limit should be platinum before the shit hits the store
With my cutless he could get his mind right and loved the lime light

(Trey hamm?)
Big boys pushin' dimes right and y'all hatas ya'll don't wanna fight
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
I visualize gettin' shot by the bullets of my enemies
Rest in peace, to all my fallen homies
Young souljas turned victim at the full moon
I still shiver when i glance at my war wounds
Niggas feel my justice, and facial expression

So many mother's shed tears I guess, they learned they lesson
'Cause TRU niggas make the world go round
The world ain't never been the same
Since the last don put it down, T R U, M O B
Til the day we die we represent the intercity, the dark side
We made men, made from the realest niggas thoughts
With the game from our veins straight to the heart
Nigga, feel it, know what I'm sayin'
We represent the made men 'til the day we die
Silkk the Shocker
(Made men)
Riders, we can't stop 'til our tanks on the wall
'Cause we made men and we goin' ball 'til we fall
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
Made man, y'all motherfuckers know me
It's like the world is mine, you livin' in it
Y'all niggas owe me 'cause I see death before I see life
Death before I see white, death for a price
By the shotty left of the vice, my only advice
Is I'm a thug, nigga, now ride once killas
See, you don't wanna test my tank doggs
You don't wanna test me nigga
It's like I beef with the top, sleep with a glock
One hollow be paranoid, just like I sleep at watch
It ain't my fault, if we had to take it to war
Might not be that serious, but you x-ed out if I take it to heart
I'm a made man, that means ya'll can test it anytime
And so many niggas wanna see me not make it
I'm a ball 'til I fall, all of us, me, P, C
The whole No Limit nigga, I'm a made man, ha, ha
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall

We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
We can't stop 'til the tanks on the wall
'Cause we made men and we goin' ball 'til we fall
We goin' ball 'til we fall, nigga
From the South, to the East, to the West
And up north nigga and to my little young nigga
Free in New York, keep your eyes open, nigga
Think with your mind and not with your soul
That's how you free your pain
That's how you become a made man
