Carry Me

Morgan Page & Nadia Ali

We can do whatever you want today
I know that i've been keeping you when
I know that i was taking your love for granted
But i always wanted you right there
There's no use, forgive me
You had to know i was coming back for you
And do it all as if you didn't already know thatCause you carry me
You could be bitter sweet
If you weren't here, where would i be
Cause you carry me
You could be bitter sweet
If you weren't here, where would i be
I was out living my life so good
I never meant to make you feel second beÅ¡t
There's no use, in getting mad
You had to know, i was coming back
And do it all as if you didn't already know thatCause you carry me
You could be bitter sweet
If you weren't here, where would i beWe have all the time in the world
Remember i have much to learn
With you and i wanna live a life
It's been so long i can't do itYou carry me
Cause you carry me
You could be bitter sweet
If you weren't here, where would i be
Yeah, yeah
You carry me
Could be bitter Å¡weet
If you weren't here, where would i be
You carry me
You could be bitter sweet
If you weren't here, where would i be
You carry me
