Medicine

The 1975

I find it hard to say bye-bye
Even in the state of you and I
And how can I refuse?
Yeah you rid me of the blues
Ever since you came into my lifeBecause you're my medicine
(Yeah, you're medicine)
Yeah, you're medicine
(You're medicine)I, I wanna marry you
Said I, I adore you
And that's all I have to say bye-bye
And you opiate this hazy head of mineBecause you're my medicine
(Yeah, you're medicine)
Yeah, you're medicine
(You're medicine)Because you're my medicine
(Yeah, you're medicine)
Yeah, you're medicine
(You're medicine)
(You're medicine)
