

# Medicine

## The 1975

I find it hard to say bye-bye  
Even in the state of you and I  
And how can I refuse?  
Yeah you rid me of the blues  
Ever since you came into my lifeBecause you're my medicine  
(Yeah, you're medicine)  
Yeah, you're medicine  
(You're medicine)I, I wanna marry you  
Said I, I adore you  
And that's all I have to say bye-bye  
And you opiate this hazy head of mineBecause you're my medicine  
(Yeah, you're medicine)  
Yeah, you're medicine  
(You're medicine)Because you're my medicine  
(Yeah, you're medicine)  
Yeah, you're medicine  
(You're medicine)  
(You're medicine)
