

Kimiko's Dream House

[Mark Lanegan](#)

It's a matter of time, we always get lost

By going very far, it's a matter of time

Like I told you before, things are alright

If I fall to the floor, it's for closing my eyes I came to this place, so tired at first Kimiko's dream house

So many things, that girls know before

Kimiko's dream house

There's so many things, that I've known before To make matters worse, the trains are on time

Lost at the station, still lost in our minds Thrown the rivers, we kicked and cursed Kimiko's dream house

So many things, that girls know before

Kimiko's dream house

So many things, that I've know before It's swallowing us but dream we must Kimiko's dream house

So many things, that girls know before

Kimiko's dream house

So many things, that I've known before I and all the girls have known before
