Dappy

They say that I'm dangerous
Like everything I touch, it falls apart
If I were to tell, they'd kill me now
Well, I'mma cut to the chase
I used to wish on a star but nowadays I need space satellites
See the black shades, white chain, flashing lights
Never thought I could have felt this low in the high life
So I asked Phil, "Is it still 'Another Day In Paradise'?"
Is there heaven for the forever 27?
Could it be three years till I'm jammin' with legends?
I got thousands of fans, but I don't get the obsession
If there's a nice guy inside, I guess I've never met him
'Cause I could buy a fast car
But not even an aeroplane could seem to get me out of here
The pressure and stress are both dying to see the end of me
And the man in the mirror's looking at me like an enemy
Whoa
What doesn't kill you makes you stronger every time
No
Don't let em tell you how to live your life
'Cause they say that I'm dangerous
Like everything I touch, it falls apart
If I were to tell, they'd kill me now
Well, I'mma cut to the chase
'Cause I'm living like a rockstar
I ain't afraid, the good die young
'Cause I be living like a rockstar
I blow up a million miles away, away, away
Oh, oh, oh
Chicka bang bang
Oh, oh, oh
Chicka bang bang
Mama always told that there's someone looking over me
Think she meant the guy with the camera tryin' to follow me
Be careful what you wish for
'cause the truth's a little different
if the Guardian's my angel,
why's the Sun burning holes in me?
They let me loose on the public, but I didn't prepare

I get shot off by a lens everytime I appear
Put a star in the room,
I swear it changes the atmosphere
Cause I'm a celebrity,
can someone get me out of here?

Whoa
What doesn't kill you makes you stronger every time
No
Don't let em tell you how to live your life
'cause they say that I'm dangerous
Like everything I touch, it falls apart
If I were to tell, they'd kill me now
Well, I'mma cut to the chase
'cause I'm living like a rockstar (yes I am)
I ain't afraid, the good die young
'cause I be living like a rockstar
I blow up a million miles away
Cause I don't care, I don't care
Take me there, take me there
Na na na, I ain't scared, I aint scared
Take me there
Well I'mma cut to the chase 'cause I be living like a...
You ain't a legend 'til you're set in stone
For now, you're just flesh and bone
Just a little brother tryin' to build a home
I'll be the best 'til my dying breath, Brian Jones
A wise girl once sung 'Tears Dry On Their Own'
Fuck a moment of silence in my house,
we shut the whole shit down for Winehouse
So I've got something to say:
Take aim, pull the trigger,
'cause you're never gonna blow me away!
They say that I'm dangerous
Like everything I touch, it falls apart
If I were to tell, they'd kill me now
Well I'mma cut to the chase
'cause I'm living like a rockstar
I ain't afraid, the good die young
'cause I be living like a rockstar
I blow up a million miles away
'cause I don't care, I don't care
Take me there, take me there
Na na na, I ain't scared, I ain't scared
Take me there

Well, we can cut to the chase cause I'm living like a...
'cause I'm living like a rockstar!
Oh, oh, oh
Chicka bang bang
Oh, oh, oh
Chicka bang bang
