

I'm Threw Witchu

Snoop Dogg

Yeah man, this is another 9 inch dick classic
We wanna dedicate this one to all the fellas
Who got a hard head bitch who just won't listen
Y'know? The best thing to do is leave her
Don't hit her, shake that hoe, bitch I'm gone!
Bitch I'm gone, I can't take it no mo'
I can't get through to you
There's nothin' I can say that you seem to understand
Bitch I'm gone, I'm out, oh, yeah yeah yeah
I'm through wit'chu, oh, I'm through wit'chu, yeah
I knew that you, was a ho back then
And bitch you're still one now
Ya like to bust, nuts in your face
But with that big-ass mouth
You need to shut the fuck up, you talk too much
I told you once before, yeah
That pimpin' don't, like to tell you twice
So I'm walkin' out that door
Bitch I'm gone, oh yeah bitch I'm
Oh I, I got to get the, hell outta here, I can't get through to you
I can't get through to you, you talk too much, I can't tell you shit
Bitch, I'm gone, oh, yeah I'm goin' I got to get out
I'm through wit'chu, oh yeah, I'm through wit'chu, bitch, yeah yeah
Bitch I'm gone, bitch I'm through wit'chu
I'm through wit'chu, 'cause I refuse to lose
I can't be locked in your world
Bitch I'm gone, I need to breath, I got to roll
I'm through wit'chu, ain't no way
I can stay another day wit'chu
Bye bye, bitch, and wit all the other pussy, yeah
A nigga got besides yo' big head good and butt fo' ugly kids
Still livin' with ya grandmama buckin' mouth ass
You shoulda known, you was fuckin' with a mack, mack, yeah

Instead of steppin' your game up, you got pushed way to the back
I've seen yo' expression, when you seen me pimpin' in the club
It looked like, it looked like you wanted to break down, down and cry
But I just didn't give a damn, I didn't give a damn, no, no I didn't
'Cause bitches ain't shit, anyway, so don't even ask me why

Bitch I'm gone, I'm I'm gone hah, yes I am, I got to get ta
I can't get through to you
Got to get ta, got to get ta hell outta here, oh yeah
Bitch I'm gone, oh bitch a, I got too many bitches, anyway
I'm through wit'chu, to be, foolin' wit'cho, ugly, ugly, ugly ass
Oh, break it down, break it down
Oh we got to break it down, break it down, break it down
Woah, aw yeah yeah yeah yeah
Hey hey hey, what's up baby?
Come on in, sit down, what'chu got, what'chu got there?
Y'now, I seen you today, baby, you know what?
Just sit the fuck down bitch!
Playin' no God damn game wit'chu right now ,bitch, y'knahmean?
There's a lotta time and effort up in this shit, y'knahmean?
Wanna tell you a lil' somethin' like this bitch
I got everythin', you don't have nothin'
Bitch, I ain't believin' a motherfuckin' word you say bitch
Get yo' shit, and get the fuck outta here
Even though it's yo' motherfuckin' house, get the fuck up outta here
You know what? I'm leavin' this motherfucker
Got a fo' bedroom upstairs, I'm movin' your sister in bitch
And I gotta protective order against yo' punk bitch-ass
So we gon' partyin' all night long, bitch
And your sister a twin so the bitch is the same bitch, I'm out
Aw, my car is parked right outside
I got a full tank of gas, and away I go
Bye bye
