

# Life Of Da Party

## Snoop Dogg

Hey look I'm only in town for a night  
And when I pull up, man the crowd get hyped  
And everybody love me, the browns to the whites  
You live like a movie but a movie my life and I'm the life of da party  
(Every time I show up)  
Yeah, I'm the life of da party  
(Every time I blow up)  
I'm the life of da party  
(Every time I show up)  
I'm the life of da party  
(Every time I blow up) Now go and roll up the Swisher  
But don't drink all my liquor  
You know it's all good my nigga  
Give me one second, I'll pose for your picture Like cheese, cheese, cheese, cheese, cheese, cheese  
Now everybody just freeze, freeze, freeze, freeze  
Now DJ bring the music please I'm the life of da party  
It don't take much, for me to get started  
Every time you see me, I'm with a bunch of girls  
Straight to the table in my own world The ballplayers know me, movie stars too  
See my homie Snoop, we doin' what we do  
Don't matter where we at, Miami or Vegas  
Every time you ask me, yeah, I'm a player 'Cause I'm the life of the party  
I got ten bad bitches, actin' retarded  
I'm tryin' to meet a few new ones  
What's up with you girl? Maybe we can do some Do you drink, do you smoke?  
I could tell by your purse and your shoes you ain't broke  
Hang with me, the first thing you do is get stuck  
Take you somewhere, later on you'll get fucked, beotch Hey look I'm only in town for a night  
And when I pull up man the crowd get hyped  
And everybody love me, the browns to the whites  
You live like a movie but a movie my life and I'm the life of da party  
(Every time I show up)  
Yeah, I'm the life of da party  
(Every time I blow up)  
I'm the life of da party  
(Every time I show up)  
I'm the life of da party  
(Every time I blow up) Now go and roll up the Swisher  
But don't drink all my liquor

You know it's all good my nigga  
Give me one second, I'll pose for your pictureLike cheese, cheese, cheese, cheese, cheese, cheese  
Now everybody just freeze, freeze, freeze, freeze  
Now DJ bring the music pleaseI've been trappin' all day, gettin' paper  
Headed to the club in my brand new scaper  
Gators on my feet, money in my pocket  
I gotta do a show so you know I'm 'bout to rock itSee my homie \$hort, layin' low key  
I strolled over to him, and passed him the bleezy  
Doggy Dog, anything goes  
Snappin' my fingers, crackin' at some hoesWhat do ya know, I'm in the A gettin' play all day  
A lot of y'all wanna ball and try to walk this way  
Y'all want that shine, shine but that's all mine  
I'm bonafide, qualified to have a hot damn timeNow listen, get the picture and take a picture of me quick  
See 'cause tomorrow I got a new city that I'm gon' hit  
A double whammy, right before I do the Grammy's  
I do a show with Puff Daddy way out in South MiamiHey look I'm only in town for a night  
And when I pull up man the crowd get hyped  
And everybody love me, the browns to the whites  
You live like a movie but a movie my life andI'm the life of da party  
(Every time I show up)  
Yeah, I'm the life of da party  
(Every time I blow up)  
I'm the life of da party  
(Every time I show up)  
I'm the life of da party  
(Every time I blow up)Now go and roll up the Swisher  
But don't drink all my liquor  
You know it's all good my nigga  
Give me one second, I'll pose for your pictureLike cheese, cheese, cheese, cheese, cheese, cheese  
Now everybody just freeze, freeze, freeze, freeze  
Now DJ bring the music pleaseCount 'em man, there's about 12, 13, 14 bad bitches  
It's me, two of my homies, drinkin', we smokin'  
I see all the ballers in the house, what's up mayne?  
They doin' it big over there too, but you know, mayne  
If I wasn't here, it wouldn't be the same  
'Cause I'm the life of da party, baby  
I hope you feel the same way about yourself, beotch
